**c Bev Zizzy**

I don't wanna do it no more  
All work, no play, what's up with that score?  
No, I don't wanna do it no more

Lived my life in the middle when my kids they were little  
And for me that was always a stretch  
Now that they've grown, been loved, cared for and shown  
I can go back to livin' on the edge (so I)

I don't wanna do it no more  
All work, no play, what's up with that score?  
No, I don't wanna do it no more

Followed all of the rules 'bout goin' to work and goin' to school  
Learned so many things on the way.  
Always did the best I could, tried not to be misunderstood  
But new voices are calling, gettin' clearer each day

So many places to go, so many people to meet  
The world is waiting to entice me and it feels sweet  
Got some mountains to climb, some new songs to rhyme  
The sands of time are flowin' and I call the rest mine (and I)

I don't wanna do it no more  
All work, no play, what's up with that score?  
No, I don't wanna do it no more

Now I'm not feelin' mad and I'm not feelin' sad  
Regret has never driven my day  
And I'm not checkin' out, I'm just changin' the route  
You just might find me sittin' on the dock of the bay (cause I)

I don't wanna do it no more  
All work, no play, what's up with that score?  
No, I don't wanna do it no more. I ain't gonna do it no more.  
I ain't gonna do it no more. No, I ain't gonna do it no more.
