

# Parasite

cBevZizzy

**12 bar blues, key of G**

**Intro: 4 bars, muted strum on G, arpeggio first 3 bars. No breaks.**

**Verse 1:**

G  
You hit me like a wildfire, had me down on my knees  
  
Had me burning with fever; had me begging for sleep  
C  
I thought you were sacred, so I let down my guard  
G  
But you were as toxic as the Ganges, and you knocked me down hard

**Chorus:**

D C G. D  
You're a parasite, you're a parasite, and you've got to go.

**Verse 2:**

G  
You made me a host to feed all your needs  
  
You tried to own me; made me sweat and bleed  
C  
Thought you'd keep me forever, weak and never free  
G.  
But I got news for you, your free ride's over with me

**Chorus:**

D C G. D  
Cause you're a parasite I'm taking my life back, and you've got to go.

**Instrumental break.**

**Repeat Verse 1 & 2 from the top**

**Chorus: (repeats to close)**

D C  
Cause you're a parasite I'm taking my life back,  
D. C  
You're just a parasite, always taking and never giving back  
D. C  
You're nothing but a parasite, always taking and never giving back  
D. C. G  
Yeah you're a parasite, but I'm taking my life back . . . and you've got to go  
G  
Bye bye bye, you've got to go. Bye bye bye, you've got to go. Bye, bye, bye
