c Bev Zizzy

G D G C  
She was fire, she was style , she could open doors with just a smile  
G D G C  
She was beauty, and she was bold, and everything she touched turned to gold,  
AM C G  
Yeah everyone she touched turned a little to gold.

G D G C  
She was fire, she burned so bright, she kept the dark out, and let in the light  
G D G C  
She was passion, and she was strong, she was right even when she was wrong  
AM C G  
Yeah she was right, even when she was wrong.

BM C  
Where did my fire go that day?  
BM G AM D  
The hole she left in my heart it just blows me away.

G D G C  
She was fire & she was soul, she could consume you, yet leave you feeling whole  
G D G C  
She was a presence, her gifts still unknown, and she will never, ever be gone  
AM C G  
Not if she touched you, she'll never really be gone.
